

MYTIE Process for Clinicians

Client Eligibility

Client must be ages 16-21 & have a substance use disorder. Clients receiving juvenile justice or child welfare funding are not eligible for MYTIE reimbursement. Medicaid clients are eligible.

STEP 01

GAIN I Core and GPRA Intake

GAIN assessment is recommended but not currently required. Masters Level Clinician (LMSW/LPC) must administer the GAIN I Core Assessment.

Evidence Based Practices (EBP)

Clinicians must have attended a MYTIE training on selected EBP to be eligible to submit a modifier for reimbursement. Clinicians attending a MYTIE funded EBP training will be tracked for training fidelity through the fiduciary of the training. It is crucial for clinicians to complete the certification process of all trainings they attend, as this information will be monitored.

STEP 02

In addition a GPRA intake survey must be completed (MSW not required for GPRA). Submit completed GPRA surveys via online Qualtrics system. https://waynestate.az1.qualtrics.com/jfe/form/SV_9nvu2wwMMFrVZch

STEP 03

GPRA Follow Up

A GPRA follow up survey must be submitted for all MYTIE clients. Follow up must be completed 6 months after the intake interview however follow up can be done one month before and 2 months after the 6 month deadline.

- Motivational Interviewing fidelity information will be gathered from Apprecots.
- TF-CBT fidelity will be gathered directly from Community Mental Health.
- A-CRA fidelity will be gathered from Chesnut Health Systems directly.
- No fidelity for Seeking Safety

STEP 04

STEP 05

GPRA Discharge

A GPRA discharge survey must be completed for all MYTIE clients.

Each GPRA survey must be completed fully or it will be returned
