If a client is continuing services from SOR 3 to SOR 4, please note the following:

- **New intakes for continuing clients should be completed the first time seeing a client since the transition of funding.**
- If a client had a SOR 3 intake GPRA in September, you only need to provide the SOR 3 Client ID & intake date, and SOR 4 intake date. You **will not have to conduct a new intake** GPRA for SOR 4.
- If the client's SOR 3 intake was conducted **BEFORE September 1st**, a new intake will be required for SOR 4.

Key Changes from SOR 3 to SOR 4:

People conducting GPRA with SOR 4 agencies are only responsible for **intake and discharge GPRA, not 6MFU.**

The Wayne State University (WSU) Evaluation Team will conduct 6-month follow-up (6MFU) GPRA and distribute gift card incentives.

Collecting client contact information is required for WSU to conduct 6MFU GPRA with clients, which includes:

- First & Last Name
- Phone Number
- Permanent Address
- Email Address
- One collateral contact's (trusted friend/family, etc.) name and phone number in case the client cannot be reached.

Nothing will be shared about the client, including an association with treatment/recovery services.

Multiple sets of GPRA are **not required** for SOR 4 clients returning to the same agency. GPRA are required for a client's **initial engagement** with SOR-funded services at an agency.

A new set of GPRA are not required if a client returns to the **same agency** for services.

Only one set of GPRA are required for a client receiving SOR 4 funded services per agency.
