The first page of the survey should look like this:

A screenshot of a survey form titled "State Opioid Response 4". At the top, there are logos for Wayne State School of Social Work and the Michigan Department of Health & Human Services (MDHHS). The survey question is "What type of SOR 4 GPRA are you submitting?". Below the question, there is explanatory text: "If it is an intake, you will continue to review the SOR 4 Limited Release of Information. If it is a discharge, you will be redirected to the submission link." There are two radio button options: "Intake - requires the Limited Release of Information" and "Discharge - redirected to the discharge GPRA submission". A green arrow button is located at the bottom right of the form.

Key Update

Reminders:

The Wayne State University (WSU) Evaluation Team completes 6-month follow-up (6MFU) GPRA!

A Limited Release of Information (LROI) form must be completed at intake, which is directly in the Qualtrics survey.

- While clients maintain the right to refuse to provide contact information, it will negatively impact the 6MFU rate.
- A paper copy of the LROI is available on our website for agencies using paper surveys.

Only one set of GPRA are required per client, per agency.

- If a client returns for SOR 4 funded services through the same agency, they do not need to do another set of GPRA.

Upcoming GPRA Training & Q&A:
